

Police contact point in Carlton

We have been asked by a local resident to remind our readers that the local police can be contacted by visiting Carlton Fire Station on Manor Road between 10am and 6pm (closed for lunch between 2pm and 2.40pm) Mondays to Fridays. On Wednesdays there is also a member of staff from the Borough Council present to help you with any council related enquiries.

Arnold Lane wall reduced in height

Above: Clive & Andrew on Arnold Lane near to the wall

The Borough Council recently granted planning permission with regard to the high wall on the edge of the Chase Farm Housing Development on Arnold Lane. The wall is now being lowered with a maximum height of two metres at any one point. To the rear of the wall there will be a soil mound landscaped with grass and small trees. It is hoped that this may go some way to compensate for the loss of the previous hedge at this location.

To contact the developers (Keepmoat Homes) with any concerns about building work phone 0808 143 0179 (office hours) or 01297 503293 (out of office hours.)

To contact the Focus Team

Andrew: Phone 0115 8599 168

Lambley Lane Recreation Ground

A local resident reported to us earlier in the spring that one of the dog waste bins at the entrance to the footpath leading to the Country Park on Lambley Lane Recreation Ground had been removed. This resulted in dog waste being left near to the entrance. We contacted the Borough Council about this and they tell us that due to 'health and safety' concerns of transporting large volumes of dog waste the council have removed this bin and moved it to the entrance to the car park.

Over the past few years the council have removed all the waste bins on the outer edges of the recreation ground (the bin by the entrance to the Country Park was the last bin located some distance from the car park.) There is concern that responsible dog owners are being penalised by the removal of waste bins. We will keep an eye on the recreation ground to see if there is an increase in dog fouling- let us know if you spot an increase.
